Set in over 5 acres of green belt land, we are fortunate to have a picturesque lake with a wooden foot bridge & weeping willow. Each of our 6 double rooms have been converted from a blank canvas to a work of art! They have their own unique theme, being named after a famous artist and decorated to capture the very emotion of each personality. Every room boasts a painting from its namesake and attention to detail has been a real priority. With this in mind, the art in each room has depicted the colours in the cushions, curtains and throws. We are less than 2 miles from the golf club.
