

ABOUT THE PING JUNIOR SOLHEIM CUP

Inaugurated in 2002, the PING Junior Solheim Cup is a version of The Solheim Cup for female amateurs aged 18 and under (born 2005 and later) and follows a similar format to the senior event, featuring the top 12 European junior amateurs versus their American counterparts. To qualify to represent Europe, a selection of European amateur events have been chosen from the 2023 season to count as qualifying events and points will be distributed for a unique PING Junior Solheim Cup ranking. The teams will be selected in August 2023.

The aim of the competition is to give junior golfers from both sides of the Atlantic the opportunity to gain international match play experience as well as the chance to meet, learn from and be inspired by the professional players playing in The Solheim Cup.

In 2021, the European Team put on a stellar performance on the final day of the PING Junior Solheim Cup to triumph for the first time on the US soil. After leading at the end of day one, Team USA could not keep up with what Team Europe had in store for the twelve single matches. Needing at least 8.5 points out of 12 to secure victory, the European team won nine points with eight wins and two matches halved with a final score of 13 - 11.

"Since its beginning in 2002, we've been delighted with the role the PING Junior Solheim Cup has played in advancing girls' golf around the world", said John Solheim. "The interest and excitement continues to build with every playing of the event as the top juniors from Europe and the United States come together for the honour of representing their countries on an international stage unlike any other they've ever faced. They come away with memories and friendships that last a lifetime. It also gives us a look into the future of women's golf as numerous girls have gone on to play major roles in The Solheim Cup itself, again proving the level of competition and skill that takes centre stage in every PING Junior Solheim Cup."

"I was so honoured to be part of the team and wanted to give my best and learn from every moment. It was all about the team and we had the greatest connection and energy and that made us perform so well on the final day. I learned a lot from that experience. It was also really special to have Annika as our Captain. She taught us so many things and that we should follow our own path and what is working for us. If we don't make the putts, life still goes on. She was so calm throughout, whether we were missing putts or making putts, it was about learning and moving on. It was also a

great pleasure to get to see all the players in the Solheim Cup. It has motivated me to continue developing my game and to hopefully be part of the Solheim Cup in the future".

“Some of my best memories from the PING Junior Solheim Cup are getting to know people and hanging out with my friends who were also on the team. I enjoyed being part of the experience and getting to play in the event.

My advice for girls who want to make the team is to work hard and put in the hours, but also make sure that you're having fun. Enjoying the sport is a key part of playing well, so make sure you love golf and love what you're doing. Enjoy the experience of junior golf and making friends along the way.

The PING Junior Solheim Cup prepares you for what it is like to be a professional. It gives you a taste of the Solheim Cup and representing your country and Europe. It teaches you core values that you carry through to the rest of your career.”

“It was such a great experience playing in the PING Junior Solheim Cup. I enjoyed making great friendships and I loved playing for a team. Golf is such an individual sport and playing for a team is a feeling that you don't experience normally. It really motivated me playing for Europe, for the captain and your teammates. Also, when you look at the names that have played both the PING Junior Solheim Cup and The Solheim Cup it keeps you motivated. I remember in 2005 and 2007. It was a lot of fun to watch The Solheim Cup and I wanted to be one of those players.

I really enjoyed my years as an amateur playing for Spain and the PING Junior Solheim Cup and I can't wait for The Solheim Cup and the PING Junior Solheim Cup to be played in my home country. It is such an amazing experience for Spain.”

“My best memory from the PING Junior Solheim Cup is getting the win and representing USA for the first time. There's also no feeling like representing your country.

Golf is such an individual sport that getting an opportunity to play in a team format teaches you about teamwork. My advice to the young girls from Europe and the US is to focus on your own golf and what is currently in front of you then I bet you that good golf will take you far.”

“The PING Junior Solheim Cup was an experience of a lifetime as a junior golfer. Being able to represent my country with an incredible team and a captain that I've looked up to my whole life, Nancy Lopez, was a great honour. Friendships, experiences and memories that I will never forget came from that event. Events like this are why I love the game and it is why I'm at where I'm at today.”
