

FRENCH OPEN DISABLED 2012
26-27-28 OCTOBER – NATIONAL GOLF CLUB (France)

MEDICAL CERTIFICATE FORM

According to our French laws and rules, a Medical Certificate is required for all players entering an International Championship or National Competition in France including Clubs' competitions.

We draw your attention to this important rule in the conditions of play. This measure is to be used in all sports and by all competitions' organizers who can be recognized as responsible.

Therefore the French Golf Federation must receive the medical certificates duly filled by the doctor even if your players are well insured when they travel abroad and if a medical assistance covers all expenses.

We know that some countries don't have anything like this and do not issue such certificates to their players.

Therefore, you will find hereunder a form-sheet "medical certificate already personalized" to know what exactly needs to be on it.

Each player has to return it, before the beginning of the championship, to be able to play the championship.

We draw your attention to the fact that this certificate has nothing to do with the Medical Pass that you must hold too

We hope you understand our position according to the French law and we are very happy to receive you in this International Championship
