GREEN SECTION RFEG EUROPEAN TOUR MEETING AUGUST 29

El Saler

QUALIFYING SCHOOL 2012 – 2º STAGE

29 de Agosto, 2012

Presentes:

- D. Miguel Vidaor, Tournament director.
- D. Mike Steward, Qualifying School Director.
- D. Francisco Contreras, Director Parador El Saler.
- D. Mario Ballester, Greenkeeper El Saler.
- D. Sandra Gutiérrez, Directora de explotación Paradores.
- D. Ester Zaballos Guijarro, Ayudante de dirección El Saler
- D. David Gómez, Director Técnico Green Section.
- D. Javier Jorge, Técnico Green Section.

QUALIFYING 2º STAGE NOV 07 – 10

On the last August 29, a meeting was hold in “El Saler” in order to evaluate the conditions of the course and mark the guidelines to follow to achieve a competitive and fair golf course during the tournament.

The purpose of this report is to inform about:

1. The actions to be performed as recommended by Miguel Vidaor y Michael steward.
2. The machinery or tools that would be required to successfully achieve the celebration of the tournament.

HOYO 1

The mowing height will be lowered on the area shown in the picture. Therefore, the ball would roll further away from the green.

HOYO 5

Light pruning will be done on the little tree shown in the picture.

The purpose is to make sure that the tree is not on the line of the shot in case of hitting a draw (right to the left shot).

HOYO 8

The platform will be leveled and renewed.

The fence shown on the picture will be removed before the tournament and put again when the tournament is finished.

Making a new cut on the right side of the green 8.

There will be a band of about 3 meters wide at the out-rough as shown in the picture. The mowing height will be set between 70 mm and 100 mm.

HOYO 9

Bushes will be pruned so that a flag placed on the left side of the green can be visible.

HOYO 10

Tree will be lightly pruned so the fairway can be visible from tee 1.

Tee 1 can be used as tee 10 in order to increase distance.

HOYO 12

The old sign that shows the hole information will be removed for the tournament.

HOYO 13

The fence shown on the picture will be removed before the tournament and put again when the tournament is finished.

HOYO 17

There will be a new cut on the right side of 17 green.

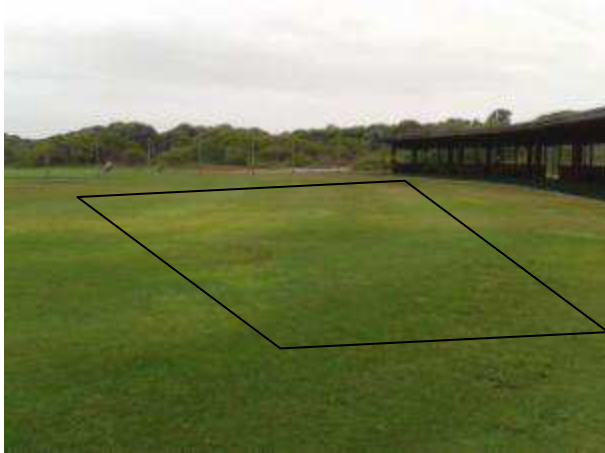

The band will be about 3 meters wide at the out-rough as shown in the picture. The mowing height will be set between 70 mm and 100 mm.

IN EVERY HOLE

Mowing direction on the tees will be pointing as much as possible at the shot direction.

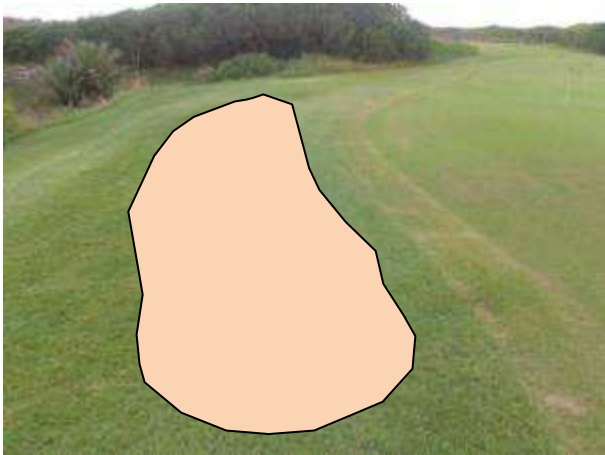

PRACTICE RANGE

This area will be prepared the tournament.

It will be aerified, overseeded and topdressed.

PRACTICE BUNKER

A new bunker will be built in the chipping green area

MACHINERY AND TOOLS

In order to be well prepared for all the possible situations that might happen during the tournament, it would be advisable for the club to have the following machinery and tools:

- Another **green role** in case it is necessary to role greens early in the morning.
- Squeegees in case of bad weather so we can push the water off the green.

Finally, thank the hospitality received during the visit at “El Saler Golf Course”. Do not hesitate to contact us in case of any comments or concerns.

Yours sincerely.
